INTRODUCTION

This Plan gives you and your covered Dependents broad protection to help meet the cost of Illnesses and Injuries. This Plan offers the highest level of benefits when services are obtained from a Hospital or other Provider designated as a BlueCard PPO In-Network Provider either in New Jersey or in another Blue Cross and Blue Shield service area.

In this Booklet, you'll find the important features of your group's BlueCard PPO benefits provided by the Plan. You should keep this Booklet in a safe place and read it carefully so that you become familiar with the benefits that are available to you and your family. This Booklet replaces any booklets and/or certificates you may previously have received.

Your benefits are self-insured through your Employer. Therefore, while Horizon BCBSNJ will initially review claims, all final claims decisions will be made by the Plan Administrator named by your Employer.

DEFINITIONS

This section defines certain important terms used in this Booklet. The meaning of each defined word, whenever it appears in this Booklet, is governed by its definition below.

Act of War: Any act peculiar to military, naval or air operations in time of War.

Active: Performing, doing, participating or similarly functioning in a manner usual for the task for full pay, at the Employer's place of business, or at any other place that the Employer's business requires the Employee to go.

Acupuncture: The practice of piercing specific sites with needles to induce Surgical anesthesia. Acupuncture is also used as a therapeutic agent for relief of pain.

Admission: Days of Inpatient services provided to a Covered Person.

Adverse Benefit Determination: An adverse benefit determination is any denial, reduction or termination of, or failure to provide or make payment for (in whole or in part), a benefit, including one based on a determination of eligibility, as well as one based on the application of any utilization review criteria, including determinations that an item or service for which benefits are otherwise provided are not covered because they are deemed to be experimental/investigational or not medically necessary or appropriate.

Affiliated Company: A corporation or other business entity affiliated with the Employer through common ownership of stock or assets; or as otherwise defined by the Employer.

Alcoholism: The abuse of or addiction to alcohol.

Allowance: Subject to the exceptions below, an amount determined the Plan as the least of the following amounts:

- (a) the actual charge made by the Provider for the service or supply;
- (b) in the case of In-Network Providers, the amount that the Provider has agreed to accept for the service or supply; or
- (c) in the case of Out-of-Network Providers, the amount determined as follows:
 - (i) With respect to the services of Practitioners, the amount determined as **80%** of the reimbursement rate specified for the Covered Service or Supply in the databases developed by FAIR Health, Inc. (FAIR Health).

 - (iii) With respect to all other Covered Services and Supplies, the amount determined in accordance with: (a) profiles compiled by Horizon BCBSNJ based on usual and

prevailing payments made to Providers for similar services or supplies in specific geographical areas; or (b) similar profiles compiled by outside vendors other than FAIR Health.

Exceptions:

- (1) With respect to (i) a Medical Emergency; or (ii) Covered Services and Supplies provided in an In-Network Hospital, the Allowance determined in accordance with part (c), above, for any Covered Services and Supplies provided by Out-of-Network Providers shall be increased as needed to ensure that the Covered Person has no greater liability than he/she would have if they were provided by In-Network Providers. But this (ii) shall not apply if the Covered Person: (a) had or was given the opportunity to select In-Network Providers to provide the Covered Services or Supplies; and (b) elected the services of Out-of-Network Providers.
- (2) With respect to part (c)(i), above, if the databases developed by FAIR Health do not prescribe a reimbursement rate for the Covered Service or Supply, the Allowance for it will be determined as **180%** of the amount that would be reimbursed for the Covered Service or Supply under Medicare. And if Medicare does not prescribe a reimbursement rate for the Covered Service or Supply, the Allowance for it will be determined in accordance with: (a) profiles compiled by Horizon BCBSNJ based on usual and prevailing payments made to Providers for similar services or supplies in specific geographical areas; or (b) similar profiles compiled by outside vendors other than FAIR Health.

With respect to part (c)(ii), above, if Medicare does not prescribe a reimbursement rate for the Covered Service or Supply, the Allowance for it will be determined in accordance with: (a) profiles compiled by Horizon BCBSNJ based on usual and prevailing payments made to Providers for similar services or supplies in specific geographical areas; or (b) similar profiles compiled by outside vendors other than FAIR Health.

- a. The Technology must either be: (a) approved by the appropriate federal regulatory agency and have been in use for the purpose defined in that approval; or (b) proven to The Plan's satisfaction to be the standard of care.

This applies to drugs, biological products, devices and any other product or procedure that must have final approval to market from: (i) the FDA; or (ii) any other federal government body with authority to regulate the Technology. But, such approval does not imply that the Technology will automatically be deemed by The Plan as Medically Necessary and Appropriate and the accepted standard of care.

- b. There must be sufficient proof, published in peer-reviewed scientific literature, that confirms the effectiveness of the Technology. That proof must consist of well-designed and well-documented investigations. But, if such proof is not sufficient or is questionable, The Plan may consider opinions about and evaluations of the Technology from appropriate specialty advisory committees and/or specialty consultants.
- c. The Technology must result in measurable improvement in health outcomes, and the therapeutic benefits must outweigh the risks, as shown in scientific studies. "Improvement" means progress toward a normal or functional state of health.
- d. The Technology must be as safe and effective as any established modality. (If an alternative to the Technology is not available, The Plan may, to determine the safety and effectiveness of a Technology, consider opinions about and evaluations of the Technology from appropriate specialty advisory committees and/or specialty consultants.)
- e. The Technology must demonstrate effectiveness when applied outside of the investigative research setting.

Services and supplies that are furnished for or in connection with an Experimental or Investigational Technology are not Covered Services and Supplies under this Program, even if they would otherwise be deemed Covered Services and Supplies. But, this does not apply to: (a) services and supplies needed to treat a patient suffering from complications secondary to the Experimental or Investigational Technology; or (b) Medically Necessary and Appropriate services and supplies that are needed by the patient apart from such a Technology.

Regarding a., above, The Plan will evaluate a Prescription Drug for uses other than those approved by the FDA. For this to happen, the drug must be recognized to be Medically Necessary and Appropriate for the condition for which it has been prescribed in one of these:

- The American Hospital Formulary Service Drug Information.
- The United States Pharmacopeia Drug Information.

Even if such an "off-label" use of a drug is not supported in one or more of the above compendia, The Plan will still deem it to be Medically Necessary and Appropriate if supportive clinical evidence for the particular use of the drug is given in a clinical study or published in a major peer-reviewed medical journal. But, in no event will this Program cover any drug that the FDA

has determined to be Experimental, Investigational or contraindicated for the treatment for which it is prescribed.

Also, regardless of anything above, this Plan will provide benefits for services and supplies furnished to a Covered Person for medical care and treatment associated with: (i) an approved cancer clinical trial (Phase I, II, III and/or IV); or (ii) an approved Phase I, II, III and/or IV clinical trial for another life threatening condition. This coverage will be provided if: (a) the Covered Person's Practitioner is involved in the clinical trial; and (b) he/she has concluded that the Covered Person's participation would be appropriate. It can also be provided if the Covered Person gives medical or scientific information proving that such participation would be appropriate.

This coverage for clinical trials includes, to the extent coverage would be provided other than for the clinical trial: (a) Practitioners' fees; (b) lab fees; (c) Hospital charges; (d) treating and evaluating the Covered Person during the course of treatment or regarding a complication of the underlying Illness; and (e) other routine costs related to the patient's care and treatment, to the extent that these services are consistent with usual and customary patterns and standards of care furnished whenever a Covered Person receives medical care associated with an approved clinical trial.

This coverage for clinical trials does not include: (a) the cost of Experimental or Investigational drugs or devices themselves; (b) non-health services that the patient needs to receive the care and treatment; (c) the costs of managing the research; or (d) any other services, supplies or charges that this Program would not cover for treatment that is not Experimental or Investigational.

With respect to coverage for clinical trials, The Plan will not:

- Deny a qualified Covered Person participation in an approved clinical trial;
- Deny or impose additional conditions on the coverage of routine patient costs for items and services furnished in connection with an approved clinical trial; or
- Discriminate against the Covered Person on the basis of his/her participation in such a trial.

Home Health Care: Nursing and other Home Health Care services rendered to a Covered Person in his/her home. For Home Health Care to be covered, these rules apply:

- c. The care is furnished under a physician's order and under a plan of care that: (a) is established by that physician and the Home Health Care Provider; (b) is established within 14 days after Home Health Care starts; and (c) is periodically reviewed and approved by the physician.

sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that Covered Person's illness, injury or disease.

"Generally accepted standards of medical practice", as used above, means standards that are based on:

- a. credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community;

GENERAL INFORMATION

How To Enroll

If you meet your Employer's eligibility rules, including any Waiting Period established by the Employer, you may enroll by completing an enrollment form. If you enroll your eligible Dependents at the same time, their coverage will become effective on the same date as your own. Except as otherwise provided below, if you or an eligible Dependent is not enrolled within 31 days after becoming eligible for the coverage under this Plan, that person is deemed a Late Enrollee.

Your Identification (ID) Card

You will receive an ID card to show to the Hospital, physician or other Provider when you receive services or supplies. Your ID card shows: (a) the group through which you are enrolled; (b) your type of coverage; and (c) your ID number. All of your covered Dependents share your identification number as well.

Always carry this card and use your ID number when you or a Dependent receives Covered Services or Supplies. If you lose your card, you can still use your coverage if you know your ID number. The inside back cover of this Booklet has space to record your ID number, along with other information you will need when asking about your benefits. You should, however, contact your benefits representative quickly to replace the lost card.

You cannot let anyone other than you or a Dependent use your card or your coverage.

Types Of Coverage Available

You may enroll under one of the following types of coverage:

- **Single** – provides coverage for you only.
- **Family** – provides coverage for you, your Spouse or Civil Union Partner and your Child Dependents.
- **Husband and Wife/Two Adults** – provides coverage for you and your Spouse Civil Union Partner, only.
- **Parent and Child(ren)** – provides coverage for you and your Child Dependents, but not your Spouse or Civil Union Partner.

Change In Type Of Coverage

If you want to change your type of coverage, see your benefits representative. If you marry, you should arrange for enrollment changes within 31 days before or after your marriage.

If: (a) you gain or lose a member of your family; or (b) someone covered under this Plan changes family status, you should check this Booklet to see if coverage should be changed. This can

happen in many ways, e.g., due to the birth or adoption of a child, divorce, or death of a Spouse.

For example:

- You must enroll a newly born or newly adopted Child Dependent within 31 days of the date of birth or adoption in order to have coverage for your Child Dependent. If you are enrolled for Family or Parent and Child(ren) coverage, you must submit an enrollment form within 31 days from the date of birth or adoption to notify the Plan of the addition. If you are enrolled for Single coverage, you must enroll your child and pay any required additional contributions within 31 days from the date of birth or adoption.
- If you have Single coverage and marry, or acquire a Civil Union Partner, your new Spouse or Civil Union Partner will be covered from the date you marry or acquire the Civil Union Partner if you apply for Husband and Wife or Family coverage within 31 days.

Except as provided below, anyone who does not enroll within a required time will be considered a Late Enrollee. Late Enrollees may enroll only during the next open-enrollment month. Coverage will be effective as of the open-enrollment date.

Enrollment of Dependents

The Plan cannot deny coverage for your Child Dependent on the grounds that:

- The Child Dependent was born out of wedlock;
- The Child Dependent is not claimed as a dependent on your federal tax return; or
- The Child Dependent does not reside with you or in the Service Area.

If you are the non-custodial parent of a Child Dependent, the Plan will:

- Provide such information to the custodial parent as may be needed for the Child Dependent to obtain benefits through this Plan;
- Permit the custodial parent, or the Provider, with the authorization of the custodial parent, to submit claims for the Child Dependent for Covered Services and Supplies, without your approval; and
- Make payments on such claims directly to: (a) the custodial parent; (b) the Provider; or (c) the Division of Medical Assistance and Health Services in the Department of Human Services, which administers Medicaid, as appropriate.

If you are a parent who is required by a court or administrative order to provide health coverage for your Child Dependent, the Plan will:

- Permit you to enroll your Child Dependent, without any enrollment restrictions;

- Permit: (a) the Child Dependent's other parent; (b) the Division of Medical Assistance and Health Services; or (c) the Division of Family Development as the State IV-D agency, in the Department of Human Services, to enroll the Child Dependent in this Plan, if the parent who is the Covered Person fails to enroll the Child Dependent; and
- Not terminate coverage of the Child Dependent unless the parent who is the Covered Person provides Horizon BCBSNJ or the Plan with satisfactory written proof that:
 - the court or administrative order is no longer in effect: or
 - the Child Dependent is or will be enrolled in a comparable health benefits plan which will be effective on the date coverage under this Plan ends.

Special Enrollment Periods

Persons who enroll during a Special Enrollment Period described below are not considered Late Enrollees.

Individual Losing Other Coverage

If you and/or an eligible Dependent, are eligible for coverage, but not enrolled, you and/or your Dependent must be allowed to enroll if each of the following conditions is met:

- a. The person was covered under a group or other health plan at the time coverage under this Plan was previously offered.
- b. You stated in writing that coverage under the other plan was the reason for declining enrollment when it was offered.
- c. The other health coverage:
 - (i) was under a COBRA (or other state mandated) continuation provision and the COBRA or other coverage is exhausted; or
 - (ii) was not under such a provision and either: (a) coverage was terminated as a result of: loss of eligibility for the coverage (including as a result of legal separation; divorce; death; termination of employment; or reduction in the number of hours of employment); or (b) employer contributions toward such coverage ended.
- d. Enrollment is requested within 31 days after: (a) the date of exhaustion of the coverage described in item (c)(i) above; or (b) termination of the coverage or employer contributions as described in item (c)(ii) above.

In this case, coverage under this Plan will be effective as of the date that the prior health coverage ended.

New Dependents

If the following conditions are met, the Plan will provide a Dependent Special Enrollment Period during which the Dependent (or, if not otherwise enrolled, you) may enroll or be enrolled:

- a. You are covered under the Plan (or have met any Waiting Period and are eligible to enroll but for a failure to enroll during a previous enrollment period).
- b. The person becomes your dependent through marriage, birth, or adoption (or placement for adoption).

The Dependent Special Enrollment Period is a period of no less than 31 days starting on the later of: (a) the date dependent coverage is made available pursuant to this section; or (b) the date of the marriage, birth, or adoption/placement.

Special Enrollment Due to Marriage or Acquiring a Civil Union Partner

You may enroll a new Spouse or Civil Union Partner under this Plan. If you are eligible, but previously declined coverage, you are also eligible to enroll at the same time that your Spouse or Civil Union Partner is enrolled.

You must request enrollment of your Spouse or Civil Union Partner within 31 days after the marriage or acquiring the Civil Union Partner.

The coverage becomes effective not later than the first day of the month following the date of the completed request.

Special Enrollment Due to Newborn/Adopted Children

You may enroll a newly born or newly adopted Child Dependent.

If you do not make the request for enrollment and the contribution is not paid within such 31-day period, the newborn child will be a Late Enrollee.

Multiple Employment

If you work for both the Employer and an Affiliated Company, or for more than one Affiliated Company, the Plan will treat you as if employed only by one Employer. You will not have multiple coverage.

Eligible Dependents

Your eligible Dependents are your Spouse or Civil Union Partner, your Child Dependents.

Coverage for your Spouse or Civil Union Partner will end: (a) at the end of the month in which you divorce or the Civil Union dissolves; or (b) at the end of the month in which you tell us to delete your Spouse or Civil Union Partner from coverage following marital separation or the dissolution of the Civil Union.

Coverage for a Child Dependent ends the last day of the Calendar Year in which the Child Dependent reaches age 26.

Coverage will continue for a Child Dependent beyond the age of 26 if, immediately prior to reaching that age, he/she was enrolled under this Plan and is incapable of self-sustaining employment by reason of mental retardation or physical handicap. For your handicapped Child Dependent to remain covered, you must submit proof of his/her inability to engage in self-sustaining employment by reason of mental retardation or physical handicap within 31 days of the child's attainment of age 26. The proof must be in a form that meets our approval. Such proof must be resubmitted every two years within 31 days before or after the Child Dependent's birth date.

Coverage for a handicapped Child Dependent will end on the last day of the month in which the first of these occurs: (a) the end of your coverage; (b) the failure of your Child Dependent to meet the definition of Child Dependent for any reason other than age; or (c) the end of your Child Dependent's inability to engage in self-sustaining employment by reason of mental retardation or physical handicap.

When Coverage Ends

Your coverage under this Plan ends when the first of these occurs:

- The end of the Benefit Month which you cease to be eligible due to termination of your employment or any other reason.
- The date on which the Plan ends for the class of which you are a member.
- You fail to make, when due, any required contribution for the coverage.

Coverage for a Dependent ends:

- When your coverage ends.
- When coverage for Dependents under this Plan ends.
- When you fail to make, when due, any required contribution for the Dependent coverage.
- As otherwise described under "Eligible Dependents", above.

In addition to the above reasons for the termination of coverage under the Plan, if a Covered Person,

- (1) performs an act, practice or omission that constitutes fraud; or
- (2) makes an intentional misrepresentation of material fact,

then the Plan has the right to rescind that Covered Person's coverage under the Plan. The Plan will provide a notice of rescission to the Covered Person at least 30 days in advance of the termination date.

The Plan retains the right to recoup from any involved person all payments made and/or benefits paid on his/her behalf.

Benefits After Termination

If you or a Dependent are confined as an Inpatient in a Facility on the date coverage ends, the Plan's benefits will be paid, subject to the Plan's terms, for Covered Services and Supplies furnished during the uninterrupted continuation of that stay.

Continued Coverage Under The Federal Family And Medical Leave Act

If you take a leave that qualifies under the Federal Family and Medical Leave Act (FMLA) (e. g., to care for a sick family member, or after the birth or adoption of a Child Dependent), you may continue coverage under this Plan. You may also continue coverage for your Dependents.

You will be subject to the same Plan rules as an Active Employee. But, your legal right to have your Employer pay its share of the required contribution, as it does for Active Employees, is subject to your eventual return to Active work.

Coverage that continues under this law ends at the first to occur of the following:

- The date you again become Active.
- The end of a total leave period of 12 weeks in any 12 month period.
- The date coverage for you or a Dependent would have ended had you not been on leave.
- Your failure to make any required contribution.

Consult your benefits representative for application forms and further details.

Continuation of Coverage under COBRA

Under a federal law called the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), you and your enrolled Dependents, not including a Dependent who is your Civil Union Partner and any newborn or newly adopted child may have the opportunity to continue group health care coverage which would otherwise end, if any of these events occur:

- Your death;
- Your work hours are reduced;
- Your employment ends for a reason other than gross misconduct;

Each of your enrolled Dependents has the right to continue coverage if it would otherwise end due to any of these events:

- Your death;
- Your work hours are reduced;
- Your employment ends for reason other than gross misconduct;
- You became entitled to Medicare benefits;
- In the case of your Spouse, the Spouse ceased to be eligible due to divorce or legal separation; or
- In the case of a Child Dependent, he/she ceased to be a Child Dependent under this Plan's rules.

You or your Dependent must notify your benefits representative of a divorce or legal separation, or when a child no longer qualifies as a Child Dependent. This notice must be given within 60 days of the date the event occurred. If notice is not given within this time, the Dependent will not be allowed to continue coverage.

You will receive a written election notice of the right to continue the insurance. In general, this notice must be returned within 60 days of the later of: (a) the date the coverage would otherwise have ended; or (b) the date of the notice. You or the other person asking for coverage must pay the required amount to maintain it. The first payment must be made by the 45th day after the date the election notice is completed.

If you and/or your Dependents elect to continue coverage, it will be identical to the health care coverage for other members of your class. It will continue as follows:

- Up to 18 months in the event of the end of your employment or a reduction in your hours. Further, if you or a covered Dependent are determined to be disabled, according to the Social Security Act, at the time you became eligible for COBRA coverage, or during the first 60 days of the continued coverage, that person and any other person then entitled to the continued coverage may elect to extend this 18-month period for up to an extra 11 months. To elect this extra 11 months, the person must give the Employer written proof of Social Security's determination before the first to occur of: (a) the end of the 18 month continuation period; or (b) 60 days after the date the person is determined to be disabled.
- Up to 36 months for your Dependent(s) in the event of: your death; your divorce or legal separation; your entitlement to Medicare; or your child ceasing to qualify as a Child Dependent.

Continuation coverage for a person will cease before the end of a maximum period just described if one of these events occurs:

- This Plan ends for the class you belong to.

- The person fails to make required payments for the coverage.
- The person becomes covered under any other group health plan. But, coverage will not end due to this rule until the end of any period for which benefits for them are limited, under the other plan.
- The person becomes entitled to Medicare benefits.

If a person's COBRA coverage was extended past 18 months due to total disability; and there is a final determination (under the Social Security Act) that the person, before the end of the additional continuation period of 11 months, is no longer disabled, the coverage will end on the first of the month that starts more than 30 days after that determination.

NOTE: Any right to continue the Plan's coverage that is granted to an Employee's Spouse pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended, shall not apply with respect to an Employee's Civil Union Partner.

The above is a general description of COBRA's requirements. If coverage for you or a Dependent ends for any reason, you should immediately contact your benefits representative to find out if coverage can be continued. Your Employer is responsible for providing all notices required under COBRA.

Continuation of Coverage under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)

If the Employee is absent from work due to performing service in the uniformed services, this federal law gives the Employee the right to elect to continue the health coverage under this Plan (for himself/herself and the Employee's Dependents, if any, not including a Civil Union Partner). If the Employee so elects, the coverage can be continued, subject to the payment of any required contributions, until the first to occur of the following:

- The end of the 24-month period starting on the date the Employee was first absent from work due to the service.
- The date on which the Employee fails to return to work after completing service in the uniformed services, or fails to apply for reemployment after completing service in the uniformed services.
- The date on which this Plan ends.

If the Employee elects to continue the coverage, the Employee's contributions for it are determined as follows:

- a) If the Employee's service in the uniformed services is less than 31 days, his/her contribution for the coverage will be the same as if there were no absence from work.
- b) If the service extends for 31 or more days, the Employee's contribution for the coverage can be up to 102% of total cost of coverage.

For the purposes of this provision, the terms “uniformed services” and “service in the uniformed services” have the following meanings:

Uniformed services: The following:

1. The Armed Services.
2. The Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty.
3. The commissioned corps of the Public Health Service.
4. Any other category of persons designated by the President in time of war or national emergency.

Service in the uniformed services: The performance of duty on a voluntary or involuntary basis in a uniformed service under competent authority. This includes:

1. Active duty.
2. Active and inactive duty for training.
3. National Guard duty under federal statute.
4. A period for which a person is absent from employment: (a) for an exam to determine the fitness of the person to perform any such duty; or (b) to perform funeral honors duty authorized by law.
5. Service as: (a) an intermittent disaster-response appointee upon activation of the National Disaster Medical System (NDMS); or (b) a participant in an authorized training program in support of the mission of the NDMS.

Medical Necessity And Appropriateness

We will make payment for benefits under this Plan only when:

- Services are performed or prescribed by your attending physician;
- Services, in our judgment, are provided at the proper level of care (Inpatient; Outpatient; Out-of-Hospital; etc.);
- Services or supplies are Medically Necessary and Appropriate for the diagnosis and treatment of an Illness or Injury.

THE FACT THAT YOUR ATTENDING PHYSICIAN MAY PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE OR SUPPLY DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY AND APPROPRIATE FOR THE DIAGNOSIS AND TREATMENT OF AN ILLNESS OR INJURY OR MAKE IT AN ELIGIBLE

MEDICAL EXPENSE.

Cost Containment

If it has been determined that an eligible service can be provided in a medically acceptable, cost-effective alternative setting, we reserve the right to provide benefits for such a service when it is performed in that setting.

Managed Care Provisions

Member Services

The Member Services Representatives who staff Horizon BCBSNJ Member Services Departments are there to answer Covered Persons' questions about the Plan and to assist in managing their care. To contact Member Services, a Covered Person should call the number on his/her Identification (ID) Card.

The Care Manager

In order to receive In-Network benefits, a Horizon BCBSNJ Care Manager must manage treatment for Mental or Nervous Disorders, Alcoholism and Substance Abuse. A Covered Person must contact the Care Manager when there is a need for these types of care. The phone number is shown on his/her ID card.

Miscellaneous Provisions

- a. This Plan is intended to pay for Covered Services and Supplies as described in this Booklet. The Plan does not provide the services or supplies themselves, which may, or may not, be available.
- b. The Plan is only required to provide its Allowance for Covered Services and Supplies, to the extent stated in the Plan. The Plan has no other liability.
- c. Benefits are to be provided in the most cost-effective manner practicable. If the Plan determines that a more cost-effective manner exists, the Plan reserves the right to require that care be rendered in an alternate setting as a condition of providing payment for benefits.

YOUR PREFERRED PROVIDER ORGANIZATION (PPO) PROGRAM

Your Horizon PPO Program provides you with the freedom to choose any Provider; however, your choice of Providers will determine how your benefits are paid. Benefits provided by In-Network Providers will be paid at a higher benefit level than benefits provided for an Out-of-Network Provider. You will be responsible for any Deductible, Coinsurance and Copayments that apply; however, if you use In-Network Providers, you will not have to file claims. In-Network Providers will accept our payment as payment in full. Out-of-Network Providers may balance bill to charges, and you will generally need to file claims to receive benefits.

Your Plan shares the cost of your health care expenses with you. This section explains what you pay, and how Deductibles, Coinsurance and Copayments work together.

Note: Coverage will be reduced if a Covered Person does not comply with the Utilization Review and Management and Prior Authorization requirements contained in this Plan.

BENEFIT PROVISIONS

The Deductible

Each Benefit Period, each Covered Person must have Covered Charges that exceed the Deductible before the Plan provides coverage for that person. The Out-of-Network Deductible(s) is shown in the Schedule of Covered Services and Supplies. The Deductible cannot be met with Non-Covered Charges. Only Covered Charges Incurred by the Covered Person while covered by this Plan can be used to meet this Deductible.

Once the Deductible is met, the Plan provides benefits, up to its Allowance, for other Covered Charges above the Deductible Incurred by that Covered Person, less any applicable Coinsurance or Copayments, for the rest of that Benefit Period. But, all charges must be incurred while that Covered Person is covered by this Plan. Also, what coverage the Plan provides is based on all the terms of this Plan.

Family Deductible Limit

This Plan has a family Deductible limit of **two** Deductibles for each Benefit Period. Once **two** Covered Persons in a family meet their individual Deductibles in a Benefit Period, the Plan provides benefits for other Covered Charges Incurred by any member of the covered family, less any applicable Coinsurance or Copayments, for the rest of that Benefit Period.

Out-of-Pocket Maximum

Once a Covered Person Incurs, during a Benefit Period, an amount of Covered Charges for which no benefits are paid or payable under the Plan equal to the Out-of-Pocket Maximum (see the Schedule of Covered Services and Supplies), the Plan will waive any applicable Deductible, Copayment or Coinsurance with respect to Covered Charges Incurred by the Covered Person for the remainder of that Benefit Period.

Once two covered members of a family Incur, during a Benefit Period, an amount of Covered Charges for which no benefits are paid or payable under the Program equal to two times the Out-of-Pocket Maximum (see the Schedule of Covered Services and Supplies), the Plan will waive any applicable Deductible, Copayment or Coinsurance with respect to Covered Charges Incurred by the covered family members for the remainder of that Benefit Period.

An Out-of-Pocket Maximum cannot be met with Non-Covered Charges. But solely for the purposes of this subsection, a Covered Person's or covered family's Prescription Drug Cost Share Amount shall be applied towards the applicable In-Network Out-of-Pocket Expense Maximum under this Program.

Payment Limits

The Plan limits what it will pay for certain types of charges. See the Schedule of Covered Services and Supplies for these limits.

Benefits From Other Plans

The benefits the Plan will provide may also be affected by benefits from Medicare and other health benefit plans. Read The Effect of Medicare on Benefits and Coordination of Benefits and Services sections of this Booklet for an explanation of how this works.

SUMMARY OF COVERED SERVICES AND SUPPLIES

This section lists the types of services and supplies that the Plan will consider as Covered Services or Supplies, up to its Allowance and subject to all the terms of this Plan. These terms include, but are not limited to, Medical Necessity and Appropriateness, Utilization Review and Management features, the Schedule of Covered Services and Supplies, benefit limitations and exclusions.

A. COVERED BASIC SERVICES AND SUPPLIES

Acupuncture

Acupuncture services and supplies are covered when: (a) the Acupuncture is performed for anesthetic purposes or therapeutic purposes for the relief of pain by a Practitioner; and (b) the services are given Prior Authorization by Horizon BCBSNJ as being Medically Necessary and Appropriate.

Alcoholism

This Plan covers the treatment of Alcoholism, if the treatment is prescribed by a Practitioner.

Inpatient or Outpatient treatment may be furnished as follows:

- a. Care in a health care Facility licensed pursuant to P.L. 1971, c. 136 (N.J.S.A. 26:2H-1 et seq.);
- b. At a Detoxification Facility; or
- c. As an Inpatient or Outpatient at a licensed, certified or State approved residential treatment Facility, under a program which meets minimum standards of care equivalent to those prescribed by the Joint Commission.

Treatment or a stay at any Facility shall not prevent further or additional treatment at any other eligible Facility, if the Benefit Days used do not exceed the total number of Benefit Days provided for any other Illness under the Plan.

Allergy Testing and Treatment

This Plan covers allergy testing and treatment, including routine allergy injections.

Ambulatory Surgery

This Plan covers Ambulatory Surgery performed in a Hospital Outpatient department or Out-of-Hospital, a Practitioner's office or an Ambulatory Surgical Center in connection with covered surgery.

Anesthesia

This Plan covers anesthetics and their administration.

Audiology Services

This Plan covers audiology services rendered by a physician or licensed audiologist or licensed speech-language pathologist. The services must be: (a) determined to be Medically Necessary and Appropriate; and (b) performed within the scope of the Practitioner's practice.

Birthing Centers

Deliveries in Birthing Centers, in many cases, are deemed an effective cost-saving alternative to Inpatient Hospital care. At a Birthing Center, deliveries take place in "birthing rooms," where decor and furnishings are designed to provide a more natural, home-like atmosphere.

All care is coordinated by a team of certified nurse-midwives and pediatric nurse-practitioners. Obstetricians, pediatricians and a nearby Hospital are available in case of complications. Prospective Birthing Center patients are carefully screened. Only low-risk pregnancies are accepted. High-risk patients are referred to a Hospital maternity program.

The Birthing Center's services, including pre-natal, delivery and post-natal care, will be covered. If complications occur during labor, delivery may take place in a Hospital because of the need for emergency and/or Inpatient care. If, for any reason, the pregnancy does not go to term, the Plan will not provide payment to the Birthing Center.

Dental Care and Treatment

This Plan covers:

- a. the diagnosis and treatment of oral tumors and cysts; and
- b. the surgical removal of bony impacted teeth; and

IMPORTANT NOTICE - THIS NOTICE APPLIES TO ALL OF THE UTILIZATION REVIEW (UR) FEATURES UNDER THIS SECTION.

BENEFITS WILL BE REDUCED FOR NON-COMPLIANCE WITH THE UR REQUIREMENTS OF THIS SECTION. THIS PLAN DOES NOT COVER ANY INPATIENT ADMISSION, OR ANY OTHER SERVICE OR SUPPLY, THAT IS NOT MEDICALLY NECESSARY AND APPROPRIATE.

This Plan has Utilization Review features described below. These features must be complied with if a Covered Person:

- a. is admitted, or is scheduled to be admitted, as an Inpatient or Outpatient to a Hospital or other Facility; or
- b. needs an extended length of stay; or
- c. plans to obtain a service or supply to which the section "Medical Appropriateness Review Procedure", below, applies.

If a Covered Person or his/her Provider does not comply with this Utilization Review section, he/she will not be eligible for full benefits under this Plan.

Also, what the Plan covers is subject to all of the other terms and conditions of this Plan.

This Plan has Individual Case Management features. Under these features, a case coordinator reviews a Covered Person's medical needs in clinical situations with the potential for catastrophic claims to determine whether alternative treatment may be available and appropriate. See the Alternate Treatment Features description for details.

UTILIZATION REVIEW-REQUIRED HOSPITAL STAY REVIEW

Notice of Hospital Admission Required

If a Covered Person plans to use an In-Network Facility, the Facility will usually make all needed arrangements for Pre-Admission Review. If a Covered Person plans to use an Out-of-Network Facility, the Covered Person or his/her Provider must advise Horizon BCBSNJ of the Admission. The time and manner in which the notice must be given is described below. When a Covered Person or his/her Practitioner does not comply with this rule, the Plan reduces benefits for the Covered Charges.

Pre-Admission Review (PAR)

All non-Medical Emergency Hospital and other Facility Admissions must be reviewed by Horizon BCBSNJ before they occur. The Covered Person or his/her Provider must notify Horizon BCBSNJ and request a PAR by phone. Horizon BCBSNJ must receive the notice and request at least five business days (or as soon as reasonably possible) before the Admission is

scheduled to occur.

- a. When Horizon BCBSNJ receives the notice and request, Horizon BCBSNJ determines:
 - 1. the Medical Necessity and Appropriateness of the Admission;
 - 2. the anticipated length of stay; and
 - 3. the appropriateness of health care alternatives, like Home Health Care or other Outpatient or Out-of-Hospital care.

Horizon BCBSNJ notifies the Covered Person or his/her Provider, by phone, of the outcome of the review. If a review results in a denial, Horizon BCBSNJ confirms that outcome in writing.

- b. If Horizon BCBSNJ authorizes a Hospital or other Facility Admission, the authorization is valid for:
 - 1. the specified Provider;
 - 2. the named attending Practitioner;
 - 3. the specified Admission date;
 - 4. the authorized length of stay; and
 - 5. the diagnosis and treatment plan.
- c. The authorization becomes invalid, and the Covered Person's Admission must be reviewed by Horizon BCBSNJ again, if:
 - 1. he/she enters a Facility other than the specified Facility;
 - 2. he/she changes attending Practitioners;
 - 3. there is an alteration in condition or treatment plan.

Continued Stay Review

The Plan has the right to conduct a continued stay review of any Inpatient Facility Admission. To do this, Horizon BCBSNJ may contact the Covered Person's Practitioner or Facility by phone or in writing.

The Covered Person or his/her Provider must ask for a continued stay review whenever it is Medically Necessary and Appropriate to increase the authorized length of an Inpatient Facility stay. This must be done before the end of the previously authorized length of stay.

The continued stay review will determine:

- a. the Medical Necessity and Appropriateness of the extended stay ;

- b. the anticipated length of stay and extended length of stay; and
- c. the appropriateness of health care alternatives.

Horizon BCBSNJ notifies the Practitioner and Facility by phone of the outcome of the review. Horizon BCBSNJ confirms in writing the outcome of a review that results in a denial. The notice always includes any newly authorized length of stay.

Penalties for Non-Compliance

- a. As a penalty for non-compliance with the Admission review features in this Plan, the Plan reduces what it otherwise pays for Covered Services and Supplies by **20%** when:
 - 1. the Covered Person or his/her Provider does not request a PAR;
 - 2. the Covered Person or his/her Provider does not request a PAR five business days or as soon as reasonably possible before the Admission is scheduled to occur;
 - 3. Horizon BCBSNJ's authorization becomes invalid and the Covered Person or his/her Provider does not obtain a new one;
 - 4. the Covered Person or his/her Provider does not request a continued stay review when necessary;
 - 5. the Covered Person or his/her Provider does not receive an authorization for such continued stay;
 - 6. The Covered Person does not otherwise comply with all the terms of this Plan.
- b. Penalties cannot be used to meet this Plan's:
 - 1. Deductible(s)
 - 2. Out-of-Pocket Limit(s)
 - 3. Copayment(s)

MEDICAL APPROPRIATENESS REVIEW PROCEDURE

This Plan requires a Covered Person or his/her Provider to obtain Prior Authorization for certain Covered Services and Supplies. When a Covered Person or his/her Provider does not comply with this rule, the Plan reduces benefits for Covered Charges Incurred with respect to that Covered Service or Supply. If Horizon BCBSNJ does not give its Prior Authorization, benefits for the Covered Service or Supply will be reduced by **20%**.

The Covered Person or his/her Provider must request a required review from Horizon BCBSNJ at least five business days before the Covered Service or Supply is scheduled to be furnished, or as soon before as reasonably possible. If the treatment or procedure is being performed in a

Facility on an Inpatient basis, only one authorization for both the Inpatient Admission and the treatment or procedure is needed. If Prior Authorization is required for a supply, the request must be made before the supply is obtained.

When Horizon BCBSNJ receives the request, Horizon BCBSNJ determines the Medical Necessity and Appropriateness of the treatment, procedure or supply, and either:

- a. approves the request, or
- b. requires a second opinion regarding the need for the treatment, procedure or supply.

Horizon BCBSNJ notifies the Covered Person, his/her Practitioner or Facility, by phone, of the outcome of the review. Horizon BCBSNJ also confirms the outcome of the review in writing.

The treatments, procedures and supplies needing Prior Authorization are listed in the Schedule of Treatments, Procedures and Supplies Requiring Prior Authorization.

Benefits payable under the Alternate Treatment/Individual Case Management Plan will be counted toward any Benefit Period and/or Per Lifetime maximum that applies to the Covered Person.

COORDINATION OF BENEFITS AND SERVICES

PURPOSE OF THIS PROVISION

A Covered Person may be covered for health benefits or services by more than one plan. For instance, he or she may be covered by this Plan as an Employee and by another plan as a Dependent of his or her Spouse. If he or she is, this provision allows the Plan to coordinate what the Plan pays or provides with what another plan pays or provides. This provision sets forth the rules for determining which is the primary plan and which is the secondary plan. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all plans under which the Covered Person is covered.

DEFINITIONS

The terms defined below have special meanings when used in this provision. Please read these definitions carefully. Throughout the rest of this provision, these defined terms appear with their initial letter capitalized.

Allowable Expense: The charge for any health care service, supply or other item of expense for which the Covered Person is liable when the health care service, supply or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

The Plan will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

When this Plan is coordinating benefits with a plan that restricts coordination of benefits to a specific coverage, the Plan will only consider corresponding services, supplies or items of expense to which coordination of benefits applies as an Allowable Expense.

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which a Covered Person is covered by this Plan and at least one other Plan and incurs one or more Allowable Expense(s) under such Plans.

Plan: Coverage with which coordination of benefits is allowed. Plan includes:

- a. Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
- b. Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;
- c. Group or group-type coverage through a Health Maintenance Organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;

- d. Group hospital indemnity benefit amounts that exceed \$150.00 per day;
- e. Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

Plan does not include:

- a. Individual or family insurance contracts or subscriber contracts;
- b. Individual or family coverage through a Health Maintenance Organization HMO or under any other prepayment, group practice and individual practice plans;
- c. Group or group-type coverage where the cost of coverage is paid solely by the Covered Person except when coverage is being continued pursuant to a Federal or State continuation law;
- d. Group hospital indemnity benefit amounts of \$150.00 per day or less;
- e. School accident-type coverage;
- f. A State plan under Medicaid.

Primary Plan: A Plan under which benefits for a Covered Person's health care coverage must be determined without taking into consideration the existence of any other Plan. There may be more than one Primary Plan. A Plan will be the Primary Plan if either "a" or "b" below exist:

- a. The Plan has no order of benefit determination rules, or it has rules that differ from those contained in this Coordination of Benefits and Services provision; or
- b. All Plans which cover the Covered Person use order of benefit determination rules consistent with those contained in the Coordination of Benefits and Services provision and under those rules, the Plan determines its benefit first.

Reasonable and Customary: An amount that is not more than the usual or customary charge for the service or supply, based on a standard which is most often charged for a given service by a Provider within the same geographic area.

Secondary Plan: A Plan which is not a Primary Plan. If a Covered Person is covered by more than one Secondary Plan, the order of benefit determination rules of this Coordination of Benefits and Services provision shall be used to determine the order in which the benefits payable under the multiple secondary plans are paid in relation to each other. The benefits of each Secondary plan may take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under this Coordination of Benefits and Services provision, has its benefits determined before those of that Secondary Plan.

PRIMARY AND SECONDARY PLAN

The Plan considers each Plan separately when coordinating payments.

The Primary Plan pays or provides services or supplies first, without taking into consideration the existence of a Secondary Plan. If a Plan has no coordination of benefits provision, or if the order of benefit determination rules differ from those set forth in these provisions, it is the Primary Plan.

A Secondary Plan takes into consideration the benefits provided by a Primary Plan when, according to the rules set forth below, the Plan is the secondary Plan. If there is more than one Secondary Plan, the order of benefit determination rules determines the order among the Secondary Plans. The Secondary Plan(s) will pay the person's remaining unpaid Allowable Expenses that have been Incurred during that Claim Determination Period, but no Secondary Plan will pay more in a Claim Determination Period than it would have paid if it had been the Primary Plan. The method the Secondary Plan uses to determine the amount to pay is set forth below in the **Procedures to be Followed by the Secondary Plan to Calculate Benefits** section of this provision.

The Secondary Plan shall not reduce Allowable Expenses for Medically Necessary and Appropriate services and supplies on the basis that pre-authorization, Pre-Approval, or Second Surgical Opinion procedures were not followed.

RULES FOR THE ORDER OF BENEFIT DETERMINATION

The benefits of the Plan that covers the Covered Person as an Employee, Member, subscriber or Retiree shall be determined before those of the Plan that covers the Covered Person as a Dependent. The coverage as an Employee, Member, subscriber, or Retiree is the Primary Plan.

The benefits of the Plan that covers the Covered Person as an Employee who is neither laid off nor retired, or as a Dependent of such person, shall be determined before those of the Plan that covers the Covered Person as a laid off or retired Employee, or as such a person's Dependent. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

The benefits of the Plan that covers the Covered Person as an Employee, Member, subscriber or Retiree, or as the Dependent of such person, shall be determined before those of the Plan that covers the Covered Person under a right of continuation pursuant to Federal or State law. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

If a Child is covered as a Dependent under Plans through both parents, and the parents are neither separated nor divorced, the following rules apply:

- a. The benefits of the Plan of the parent whose birthday falls earlier in the Calendar Year shall be determined before those of the parent whose birthday falls later in the Calendar Year.
- b. If both parents have the same birthday, the benefits of the Plan which covered the parent for a longer period of time shall be determined before those of the Plan covering the parent for a shorter period of time.

- c. Birthday, as used above, refers only to month and day in a Calendar Year, not the year in which the parent was born.
- d. If the other plan contains a provision that determines the order of benefits based on the gender of the parent, the birthday rule in this provision shall be ignored.

If a Child is covered as a Dependent under Plans through both parents, and the parents are separated or divorced, the following rules apply:

- a. The benefits of the Plan of the parent with custody of the Child shall be determined first.
- b. The benefits of the Plan of the spouse of the parent with custody shall be determined second.
- c. The benefits of the Plan of the parent without custody shall be determined last.
- d. If the terms of a court decree state that one of the parents is responsible for the health care expenses for the Child, and if the entity providing coverage under that Plan has knowledge of the terms of the court decree, then the benefits of that Plan shall be determined first. The benefits of the Plan of the other parent shall be considered as secondary. Until the entity providing coverage under the Plan has knowledge of the terms of the court decree regarding health care expenses, this portion of this provision shall be ignored.

If the above order of benefits does not establish which Plan is the Primary Plan, the benefits of the Plan that covers the Employee, Member or subscriber for a longer period of time shall be determined before the benefits of the Plan(s) that covered the person for a shorter period of time.

PROCEDURES TO BE FOLLOWED BY THE SECONDARY PLAN TO CALCULATE BENEFITS

In order to determine which procedure to follow it is necessary to consider:

- a. The basis on which the Primary Plan and the Secondary Plan pay benefits; and
- b. Whether the Provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Reasonable and Customary Charge (R&C), or some similar term. This means that the Provider bills a charge and the Covered Person may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a Reasonable and Customary Charge is called a “Reasonable and Customary Charge Plan.”

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a Provider, called an In- Network Provider, bills a charge, the Covered Person may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a “Fee Schedule Plan.” If the Covered Person uses the services of an Out-of-Network Provider, the Plan will be

treated as a Reasonable and Customary Charge Plan even though the Plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a capitation. This means that the carrier pays the Provider a fixed amount per member. The Covered Person is liable only for the applicable Deductible, Coinsurance and/or Copayment. In this section, a Plan that pays Providers based upon capitation is called a “Capitation Plan.”

In the rules below, “Provider” refers to the provider who provides or arranges the services or supplies.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the Provider is an In-Network Provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a. The amount of any Deductible, Coinsurance and/or Copayment required by the Primary Plan; or
- b. The amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the Provider receives from the Primary Plan, the Secondary Plan and the Covered Person shall not exceed the fee schedule of the Primary Plan. In no event shall the Covered Person be responsible for any payment in excess of the Copayment, Coinsurance and/or Deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Reasonable & Customary Plan

If the Provider is an In-Network Provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a. The amount of any Deductible, Coinsurance or Copayment required by the Primary Plan; or
- b. The amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Reasonable & Customary Plan or Fee Schedule Plan

If the Primary Plan is an HMO Plan that does not allow for the use of Out-of-Network Providers except in the event of Urgent Care or a Medical Emergency and the service or supply the Covered Person receives from an Out-of-Network Provider is not considered as Urgent Care or a Medical Emergency, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or Reasonable & Customary Plan

If the Covered Person receives services or supplies from a Provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a. The amount of any Deductible, Coinsurance and/or Copayment required by the Primary Plan; or
- b. The amount the Secondary plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or Reasonable & Customary Plan and Secondary Plan is Capitation Plan

If the Covered Person receives services or supplies from a Provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the Provider and shall not be liable to pay the Deductible, Coinsurance and/or Copayment imposed by the Primary Plan. The Covered Person shall not be liable to pay any Deductible, Coinsurance and/or Copayment of either the Primary Plan or the Secondary Plan.

SUBROGATION AND REIMBURSEMENT

If another person or entity, through an act or omission, causes any participant, beneficiary, or any other covered person receiving benefits under this Plan, hereinafter individually and collectively referred to as “Covered Person”, to suffer an injury or illness, and in the event benefits were paid under the Plan for that injury or illness, a Covered Person must agree to the provisions listed below. Additionally, if a Covered Person is injured and no other person or entity is responsible but a Covered Person receives (or is entitled to) a recovery from another source, and if the Plan paid benefits for that injury, a Covered Person must refund the Plan all benefits paid and must also agree to the provisions listed below.

This Plan provides benefits to or on behalf of said Covered Person only on the following terms and conditions:

1. In the event that benefits are provided under this Plan, the Plan shall be subrogated to all of the Covered Person’s or the Covered Person’s representative’s (representative for this purpose includes, if applicable, heirs, administrators, legal representatives, parents (if a minor), successors, or assignees) rights of recovery against any person or organization to the extent of the benefits provided to the Covered Person. The Covered Person shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Covered Person shall do nothing after loss to prejudice such rights. The Covered Person hereby agrees to cooperate with the Plan and/or any representatives of the Plan in completing such forms and in giving such information surrounding any injury, illness, or accident as the Plan or the Plan representatives deem necessary to fully investigate the incident.
2. The Plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the Plan. The Plan is entitled under its right of recovery to be reimbursed for the full amount of the Plan’s benefit payments even if the Covered Person is not “made whole” for all of his or her damages in the recoveries that he or she receives.
3. The Plan’s right to reimbursement is, and shall be, prior and superior to the right of any other person or entity, including the Covered Person.
4. By accepting benefits hereunder, the Covered Person hereby grants an automatic lien against and assigns to the Plan, in an amount equal to the benefits paid by the Plan, any recovery, whether by settlement, judgment, or other payment intended for, payable to, or received by the Covered Person, or on behalf of the Covered Person. The Covered Person hereby consents to said lien and/or assignment and agrees to take whatever steps are necessary to help the Plan secure said lien and/or assignment. The Covered Person agrees that said lien and/or assignment shall constitute a charge upon the proceeds of any recovery and the Plan shall be entitled to assert security interest

thereon.

5. By the acceptance of benefits under the Plan, the Covered Person and his or her representatives agree to serve as a constructive trustee and to hold the proceeds of any settlement, judgment and/or other payment in constructive trust for the benefit of the Plan to the extent of 100% of all benefits paid on behalf of the Covered Person.
6. The subrogation and reimbursement rights and liens apply to any recoveries made by the Covered Person as a result of the injuries sustained, including but not limited to the following:
 - a. Payments made directly by the third party tortfeasor, or any insurance company on behalf of the third party tortfeasor, or any other payments on behalf of the third party tortfeasor.
 - b. Any payments or settlements or judgment or arbitration awards paid by any insurance company under an uninsured or underinsured motorist coverage, whether on behalf of a Covered Person or other person.
 - c. Any other payments from any source designed or intended to compensate a Covered Person for injuries sustained.
 - d. Any worker's compensation award or settlement.
 - e. Any recovery made pursuant to no-fault insurance.
 - f. Any medical payments made as a result of such coverage in any automobile or homeowners insurance policy.
7. The Covered Person shall not take action that may prejudice the Plan's right of recovery, including but not limited to the assignment of any rights of recovery from any tortfeasor or other person or entity. No Covered Person shall make any settlement which specifically reduces or excludes, or attempts to reduce or exclude the benefits provided by the Plan. The Plan will not reduce its share of any recovery unless, in the exercise of its discretion, the Plan agrees in writing.
8. The Plan's right of recovery shall be a prior lien against any proceeds recovered by the Covered Person, which right shall not be defeated nor reduced by the application of any doctrine purporting to defeat the Plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages. Accordingly, the Plan is entitled under its right of recovery to be reimbursed for its benefit payments even if the Covered Person is not "made whole" for all of his or her damages in the recoveries he or she receives; there shall be no application of the "made whole" doctrine, "rimes doctrine" or any such doctrine defeating the Plan's right of recovery.
9. No Covered Person hereunder shall incur any expenses on behalf of the Plan in pursuit of the Plan's rights hereunder. Specifically, no court costs or attorney's fees

may be deducted from the Plan's recovery without the prior express written consent of the Plan and the Plan's right of recovery is not subject to reduction of attorney's fees and costs under the "common fund" or any other doctrine.

10. In the event that a Covered Person shall fail or refuse to honor its obligations hereunder, then the Plan shall be entitled to recover any costs incurred in enforcing the terms hereof including but not limited to attorney's fees, litigation, court costs, and other expenses. The Plan shall also be entitled to offset the reimbursement obligation against any entitlement to future Plan benefits hereunder until the Covered Person has fully complied with his or her reimbursement obligations hereunder, regardless of how those future Plan benefits are incurred.
11. Any reference to state law in any other provision of this policy shall not be applicable to this provision, if the Plan is governed by ERISA. By acceptance of benefits under the Plan, the Covered Person agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the Plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.

THE EFFECT OF MEDICARE ON BENEFITS

IMPORTANT NOTICE

For the purposes of this Booklet's "Coordination of Benefits and Services" provision, the benefits for a Covered Person may be affected by whether he/she is eligible for Medicare and whether the "Medicare as Secondary Payer" rules apply to the Plan. This section, on "Medicare as Secondary Payer", or parts of it, may not apply to this Plan. The Employee must contact the Employer to find out if the Employer is subject to Medicare as Secondary Payer rules.

For the purpose of this section:

- a. "Medicare" means Part A and B of the health care program for the aged and disabled provided by Title XVIII of the United States Social Security Act, as amended from time to time.
- b. A Covered Person is deemed to be eligible for Medicare by reason of age from the first day of the month during which he/she reaches age 65. But, if the Covered Person is born on the first day of a month, he/she is deemed to be eligible for Medicare from the first day of the month that is immediately prior to his/her 65th birthday. A Covered Person may also be eligible for Medicare by reason of disability or End-Stage Renal Disease (ESRD).
- c. Under the rules for coordination of benefits and services described earlier, a "Primary Plan" pays benefits for a Covered Person's Covered Charges first, ignoring what the Covered Person's "Secondary Plan(s)" pays. The "Secondary Plan(s)" then pays the remaining unpaid Allowable Expenses in accordance with the provisions of the Covered Person's secondary health plan.

The following rules explain how this Plan's group health benefits interact with the benefits available under Medicare as Secondary Payer rules. A Covered Person may be eligible for Medicare by reason of age, disability or ESRD. Different rules apply to each type of Medicare eligibility as explained below:

In all cases where a person is eligible for Medicare and this Plan is the secondary plan, the Allowable Expenses under this Plan and for the purposes of the Coordination of Benefits and Services rules, will be reduced by what Medicare would have paid if the Covered Person had enrolled for full Medicare coverage. But this will not apply, however, if; (a) the Covered Person is eligible for, but not covered, under Part A of Medicare; and (b) he/she could become covered under Part A only by enrolling and paying the required premium for it.

This section applies to a Covered Person who is:

- a. The Employee or covered spouse;
- b. eligible for Medicare by reason of age; and
- c. has coverage under this program due to the current employment status of the Employee.

Under this section, such a covered person is referred to as a "Medicare eligible".

This section does not apply to:

- a. a Covered Person, other than an Employee or covered Spouse;
- b. a Covered Person who is under age 65; or
- c. a Covered Person who is eligible for Medicare solely on the basis of End Stage Renal Disease

When a Covered Person becomes eligible for Medicare by reason of age, this Plan permits the Covered Person to make a prospective election change that cancels coverage under this Plan and elect Medicare as the primary health plan.

If a Covered Person cancels coverage under this Plan, the Covered Person will no longer be covered by this Plan. Medicare will be the primary payer. Coverage under this plan will end on the last day of the month in which the Covered Person elects Medicare the primary health plan.

If a Covered Person does not make an election upon becoming eligible for Medicare by reason of age, this Plan will continue to be the primary health plan. This plan pays first, ignoring Medicare. Medicare will be considered the secondary health plan.

Medicare Eligibility by Reason of Disability

This part applies to a Covered Person who:

- a. is under age 65;
- b. is eligible for Medicare by reason of disability; and
- c. has coverage under this Plan due to the current employment status of the Employee.

This part does **not** apply to:

- a. a Covered Person who is eligible for Medicare by reason of age; or
- b. a Covered Person who is eligible for Medicare solely on the basis of ESRD.

When a Covered Person becomes eligible for Medicare by reason of disability, this Plan is the primary plan; Medicare is the secondary plan.

Medicare Eligibility by Reason of End Stage Renal Disease

This part applies to a Covered Person who is eligible for Medicare solely on the basis of ESRD.

This part does **not** apply to a Covered Person who is:

- a. eligible for Medicare by reason of age ; or

- b. eligible for Medicare by reason of disability.

When (a) a Covered Person becomes eligible for Medicare solely on the basis of ESRD; and (b) Incurs a charge for the treatment of ESRD for which benefits are payable under both this Plan and Medicare, this Plan is deemed the Primary Plan for a specified time, referred to as the “coordination period”. This Plan pays first, ignoring Medicare. Medicare is the Secondary Plan. The coordination period is up to 30 consecutive months.

The coordination period starts on the earlier of:

- a. the first month of a Covered Person’s Medicare Part A entitlement based on ESRD; or
- b. the first month in which he/she could become entitled to Medicare if he/she filed a timely application.

After the 30-month period described above ends, if an ESRD Medicare eligible person Incurs a charge for which benefits are payable under both this Plan and Medicare, Medicare is the Primary Plan and this Plan is the Secondary Plan.

Dual Medicare Eligibility

This part applies to a Covered Person who is eligible for Medicare on the basis of ESRD and either age or disability.

When a Covered Person who is eligible for Medicare due to either age or disability (other than ESRD) has this Plan as the primary payer, then becomes eligible for Medicare based on ESRD, this Plan continues to be the primary payer for the first 30 months of dual eligibility. After the 30-month period, Medicare becomes the primary payer (as long as Medicare dual eligibility still exists).

When a Covered Person who is eligible for Medicare due to either age or disability (other than ESRD) has this Plan as the secondary payer, then becomes eligible for Medicare based on ESRD, this Plan continues to be the secondary payer.

When a Covered Person who is eligible for Medicare based on ESRD also becomes eligible for Medicare based on age or disability (other than ESRD), this Plan continues to be the primary payer for 30 months after the date of Medicare eligibility based on ESRD.

How To File A Claim If You Are Eligible For Medicare

Follow the procedure that applies to you or the Covered Person from the categories listed below when filing a claim.

New Jersey Providers:

- The Covered Person should give the Practitioner or other Provider his/her identification number. This number is shown on the Medicare Request for Payment (claim form) under “Other Health Insurance”;

- The Provider will then submit the Medicare Request for Payment to the Medicare Part B carrier;
- After Medicare has taken action, the Covered Person will receive an Explanation of Benefits form from Medicare;
- If the remarks section of the Explanation of Benefits contains this statement, no further action is needed: “This information has been forwarded to Horizon Blue Cross Blue Shield of New Jersey for their consideration in processing supplementary coverage benefits;”
- If the above statement does not appear on the Explanation of Benefits, the Covered Person should include his/her Identification number and the name and address of the Provider in the remarks section of the Explanation of Benefits and send it to Horizon BCBSNJ.

Out-of-State Providers:

- The request for Medicare payment should be submitted to the Medicare Part B carrier in the area where services were performed. Call your local Social Security office for information;
- Upon receipt of the Explanation of Benefits, show the Identification Card number and the name and address of the Provider in the remarks section and send the Explanation of Benefits to Horizon BCBSNJ for processing.

CLAIMS PROCEDURES

Claim forms and instructions for filing claims will be provided to Covered Persons. Completed claim forms and any other required materials must be submitted to Horizon BCBSNJ or its designees for processing. Covered Persons do not need to file claims for In-Network Covered Services and Supplies. For Out-of-Network Covered Services and Supplies, Covered Persons will generally have to file a claim for benefits, unless a state law requires Providers to file claims on behalf of Covered Persons. In this case, however, a Covered Person still has the option to file claims on his/her own behalf.

Submission of Claims

These procedures apply to the filing of claims. All notices will be in writing.

- a. Claim forms must be filed no later than 18 months after the date the services were Incurred.
- b. Itemized bills must accompany each claim form. A separate claim form is needed for each claim filed. In general, the bills must contain enough data to identify: the patient; the Provider; the type of service and the charge for each service and the Provider's license number.

Bills for Private Duty Nursing must state that the Nurse is a Registered Nurse (R.N.) or a Licensed Practical Nurse (L.P.N.) and must contain the Nurse's license number.

- c. If a claim is denied or disputed, in whole or in part, Horizon BCBSNJ will notify the claimant (or his/her agent or designee) of it within 30 calendar days after receipt of the claim.

The denial notice will set forth:

1. the reason(s) the claim is denied;
2. specific references to the main Plan provision(s) on which the denial is based;
3. a specific description of any further material or information needed to complete the claim, and why it is needed;
4. a statement that the claim is disputed, if this is so. If the dispute is about the amount of the claim, Horizon BCBSNJ will explain why and also explain why any coding changes were made;
5. a statement of the special needs to which the claim is subject, if this is the case;
6. an explanation of the Plan's claim review procedure, including any rights to pursue civil action;
7. if an internal rule, guideline, protocol, or other similar criterion was relied upon in

making the decision, either the specific rule or a statement that such a rule was relied upon in making the decision, and that a copy of such rule will be provided free of charge upon request;

8. if the decision is based on Medical Necessity and Appropriateness or an Experimental or Investigational (or similar) exclusion or limitation, either an explanation of the scientific or clinical judgment for the decision, applying the terms of the Plan to the medical circumstances, or a statement that such explanation will be provided free of charge upon request;
 9. if the decision involves a Medical Emergency or Urgent Care, a description of the expedited review process applicable to such claims; and
 10. the toll free number that the Covered Person or his/her Provider can call to discuss the claim.
- d. This applies if you are the non-custodial parent of a Child Dependent. In this case, Horizon BCBSNJ will give the custodial parent the information needed for the Child Dependent to obtain benefits under the Plan. Horizon BCBSNJ will also permit the custodial parent, or the Provider with the authorization of the custodial parent, to submit claims for Covered Services and Supplies without your approval.

To Whom Payment Will Be Made

- a. Payment for services of an In-Network Provider or a BlueCard Provider will be made directly to that Provider if the Provider bills Horizon BCBSNJ, as Horizon BCBSNJ determines. To receive In-Network coverage, a Covered Person must show his/her ID card when requesting Covered Services and Supplies from a Provider that has such an agreement.
- b. Payment for services of Out-of-Network Providers will be made to you.
- c. Except as stated above, in the event of a Covered Person's death or total incapacity, any payment or refund due will be made to his/her heirs, beneficiaries, trustees or estate.
- d. If you are the non-custodial parent of a Child Dependent, Horizon BCBSNJ will pay claims filed as described above under "Submission of Claims" directly to: the Provider or Custodial parent; or the Division of Medical Assistance and Health Services in the Department of Human Services which administers the State Medicaid program, as appropriate.

If Horizon BCBSNJ pays anyone who is not entitled to benefits under this Plan, Horizon BCBSNJ has the right to recover those payments on behalf of the Plan.

OUT-OF-AREA SERVICES

Horizon BCBSNJ has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. These are referred to generally as "Inter-Plan Programs." When you obtain covered

services and supplies outside of Horizon BCBSNJ's service area, the claims for these services and supplies may be processed through one of these Inter-Plan Programs. These programs include the BlueCard Program, described below.

Typically, when you access medical care outside Horizon BCBSNJ's service area, you will obtain it from healthcare providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other area ("Host Blue"). But in some cases, you may obtain care from non-participating providers. Horizon BCBSNJ's payment practices in both cases are generally described below.

A. BlueCard® Program

Under the BlueCard® Program, when you obtain covered services and supplies within the geographic area served by a Host Blue, Horizon BCBSNJ will still fulfill its contractual obligations. But the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you obtain covered services and supplies outside Horizon BCBSNJ's service area and the claim is processed through the BlueCard Program, the amount you pay, if not a flat copayment, is calculated based on the lower of:

- The billed covered charges for the covered services or supplies; or
- The negotiated price that the Host Blue makes available to Horizon BCBSNJ.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes it is an estimated price that takes into account a special arrangement with that provider or provider group. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve: types of settlements; incentive payments; and/or other credits or charges.

Estimated and average pricing arrangements also take into account certain adjustments to their basic rates. These may be made to correct for an over- or underestimation of changes of the past pricing for the types of transactions noted above. But, such adjustments will not affect the price on the claim that will be used to determine the amount you pay.

Also, laws in a small number of states may require the Host Blue to add a surcharge to a claim calculation. If any state law mandates other liability calculation methods, including a surcharge, a covered person's liability for any covered service or supply will be calculated according to applicable law.

Summary

To summarize the above, the BlueCard Program is basically a means by which you can benefit from the discounts that another Blue Cross and Blue Shield Association Licensee has negotiated with providers in its area of operation when you obtain covered services and supplies outside of

Horizon BCBSNJ's service area. The Program in no way affects the terms of the Plan with respect to your contractual liability for charges incurred for a covered service or supply. The calculation of that liability will be based on the lower of: (a) the billed charge for the covered service or supply received in the other Licensee's area; or (b) a negotiated price that the Host Blue makes available to Horizon BCBSNJ. The calculation of your liability can also be affected by regulatory requirements of the state in which you obtain the covered service or supply.

APPEALS PROCESS

A Covered Person (or a Provider or authorized representative acting on behalf of the Covered Person and with his/her consent) may appeal Adverse Benefit Determinations. There are two types of Adverse Benefit Determinations, administrative and utilization management. "Administrative" determinations involve issues such as eligibility for coverage, benefit decisions, etc. "Utilization management" determinations are decisions that involve the use of medical judgment and/or deny or limit an admission, service, procedure or extension of stay based on the Plan's clinical and medical necessity criteria. The appeal processes for the two types differ and are described briefly below.

No Covered Person or Provider who files an appeal will be subject to disenrollment, discrimination or penalty. If there is a claim denial for either type of decision, you will receive information that includes the reason for the denial, a reference to the Plan provision on which it is based, and a description of any internal rule or protocol that affected the decision.

Appeals Process for Adverse Administrative Decisions

For this type of adverse claim decisions, you will be notified of a denial as quickly as possible, but not later than the following:

- For Urgent Care Claims, 72 hours from receipt of the claim;
- For Pre-Service Claims, 15 calendar days from receipt of the claim;
- For Post-Service Claims, 30 calendar days from receipt of the claim.

If you wish to appeal the decision, you have 180 days to do so. Your written request for a review of the decision should include the reason(s) why you feel the claim should not have been denied. It should also include any additional information (e.g., medical records) that you feel support your appeal.

The decision regarding your appeal will be reached as soon as possible, but not later than the following:

- For Urgent Care Claims, 72 hours from receipt of your appeal;
- For Pre-Service Claims, 30 calendar days from receipt of your appeal;
- For Post-Service Claims, 60 calendar days from receipt of your appeal.

If the initial decision on your claim is upheld upon review, you will also be informed of any additional appeal rights that you may have.

Appeals Process for Adverse Utilization Management Decisions

The process for this type of adverse decision is briefly described below. A denial notification will include a brochure that fully describes your appeal rights and how you go about exercising them.

If such a claim is denied, your treating Provider can discuss your case with a Horizon BCBSNJ Medical Director, who can be reached by telephone at the number provided in the brochure. If the initial denial is upheld, you or the Provider can further appeal the decision within one year after receiving the denial letter. The appeal can be in writing or can be initiated by telephone. The applicable address and telephone number will be provided in the brochure.

Your appeal must include the following information:

- The name(s) and address(es) of the Covered Person and/or the Provider(s);
- The Covered Person's identification number;
- The date(s) of service;
- The nature of and reason behind your appeal;
- The remedy sought; and
- Any documentation that supports your appeal.

Your appeal will be decided as soon as possible, but not later than the following:

- For Urgent Care Claims, within 72 hours from receipt of your appeal;
- For other claims, within 30 calendar days from receipt of your appeal.

STATEMENT OF ERISA RIGHTS

As a participant in **Middlesex County** Plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

- Receive information about your plan and benefits.
- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefit Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.
- Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require

the plan administrator to provide the materials and pay you up to **\$110.00** a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits that is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plans' decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Pension and Welfare Benefits Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquires, Pension and Welfare Benefits Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Pension and Welfare Benefits Administration.
